

2017 AGC of NH Committee Sign-Up Form

Be a Part of the Action!

AGC of NH committees are the foundation for the Association's policies and activities. If you've been looking for a way to get involved, this is your opportunity! Sign up for a committee today and start making a difference!

Many committees play a part in the Association's lobbying functions. Member driven, they make decisions on which bills to support, oppose, monitor, etc., as well as offer their expertise in topic specific areas. Joining a committee is a great way to expand your membership experience with AGC of NH and become an active part in the Association.

Please check off the boxes below to indicate which committees you are interested in and complete the form below.

Asphalt Committee

As part of a partnership between AGC of NH and the NH Department of Transportation, this committee meets to review asphalt paving quality assurance specifications.

Building Committee

This committee's focus is on legislation that will affect vertical construction. Building code revisions, construction methods and contract documents are just a few of the topics discussed. Meetings with agency leaders are common with this group.

Concrete Committee

As part of a partnership between AGC of NH and the NH Department of Transportation, this committee meets to review concrete quality assurance specifications.

Environment Committee

In addition to working on environmental laws, rules & regulations, this committee also works closely with NH Department of Environmental Services on rule changes. This group is composed of contractors, aggregate suppliers, and environmental & legal consultants.

Safety Group

This committee will continually search for new ways to enhance safety in the work place. Through a variety of roundtable discussions and forums, the group will be dedicated to monitoring local, state and federal legislation and regulations.

The Association also has two specialty committees: Political Action and A Safer Road to Tomorrow PR Campaign. Members of these committees are chosen by the Board of Directors.

Want To Lead A Committee?

Please check this box if you are interested in being chair of a committee in the future _____
Name of Committee

Highway Committee

This committee is charged with monitoring local, state and federal legislation that involves horizontal construction. Wage regulations, construction methods, and transportation funding are common topics among this group.

Highway Specification Committee

Working closely with the NH Department of Transportation, this group reviews and recommends language for state specifications.

Human Resources Committee

Issues, such as workers' comp., health insurance, and employer/employee rights, are a very important part of any business. Between a variety of roundtable discussions, forums, and meetings with agency leaders, the committee discusses many important labor related topics.

Legislative Committee

The Legislative Committee is the first step in the Association's legislative process. The group reviews all of the bills that may impact the commercial construction industry, and recommends the appropriate action for AGC of NH to take.

Duplicate this form for multiple participants. Fax to (603) 226-3859 or mail to AGC of NH, 48 Grandview Road, Bow, NH 03304.
